Everyone is welcome. The YMCA of Greater Seattle strengthens communities in King and south Snohomish counties through youth development, healthy living and social responsibility. **Financial assistance is available.**

YMCA Earth Service Corps is hosting its annual Environmental Symposium!

The Symposium is an opportunity for high school students to engage in hands-on workshops with environmental experts and teens from around the Puget Sound. Workshop topics include environmental justice, waste reduction, water quality and more! Youth will network with passionate peers and adults as well as gain tools to create real, positive change for their communities. Lunch is provided, with vegetarian options available. There will also be a free raffle of outdoor and environmental prizes.

The event is free, but registration is required and space is limited. Proof of vaccination or negative PCR test within the last 72 hours required.

NEED A RIDE? Transportation is available from select locations and is contingent on reaching a minimum number of riders. Seats are reserved on a first-come first-served basis. Contact us to see if there is a pickup location near you!
